

**WILLIE MACK III (-3)**

---

**Q. So, Willie, what did you like today, what didn't you like about your round today?**

**WILLIE MACK III:** I just -- I really just didn't get anything going. I missed a lot of greens. Just up and day down -- up and day round, I mean, but it was good to birdie the last.

**Q. Can we talk about that last approach on 18 because you hit it as perfect as you can besides putting it in.**

**WILLIE MACK III:** Yeah, the wind actually wasn't into our face this time. The last two days it was into us so I think the first day I hit 6-iron in there. Today I hit sand wedge, so it was a big difference. Glad I could finish the round with a birdie.

**Q. Then you've got people walking around with you with your faces on shirts and everything. Do you get to see that when you're on the course?**

**WILLIE MACK III:** I think my uncle had those shirts. I think I saw them yesterday, but I didn't see any today.

**Q. Then I wanted to ask you, because I see for the last couple days you had on the sleeve, what is that about? Is this an injury or is it just something that you put on for your wardrobe?**

**WILLIE MACK III:** Just wardrobe. I grew up liking basketball, playing basketball and liking Allen Iverson, so thought I would just bring it to the golf course.

**Q. Why do you like AI so much, because of the sleeves and the earrings and everything?**

**WILLIE MACK III:** Just everything about him. He was kind of like me, short, could shoot, so I just kind of went with him.

**Q. And then what do you have to do tomorrow to put yourself in contention?**

**WILLIE MACK III:** I just got to go out there and shoot a low one. I'll probably be out early again, so hopefully the greens are still good like they were this morning and kind of get on a roll.
