

ROUND 3 INTERVIEW
July 4, 2021

JOEY SINDELAR (+5)

Q. So, Joey, I know when we had talked yesterday you talked about your iron game, you were trying to work on that the most. So just thoughts on the round today? And how did that iron game go for you today? Just overall thoughts on the final round.

JOEY SINDELAR: Yeah, golf just was too hard for me today. You know, it gets like that. No matter what the -- no matter what's going on, you've got to be able to hit good iron shots and get in there and make some birdies because that's what makes you feel better about yourself, because there's going to be junk. Very few people play flawless rounds very often. So I'm still messing around trying to find it. It tastes real bad right now, but that's what next week's for.

Q. Even though maybe it wasn't the outcome you wanted this week, what was it like to final be back in essentially your home tournament to play in a special week?

JOEY SINDELAR: Yeah, always fun. Just thrilled that it could happen, really. I mean, when John Karedes and his crew had to pull the trigger on this, the world looked very different and we didn't know what was coming next. I'm just happy for the community and John's team and Dick's Sporting Goods that it happened and hopefully we'll get back to normal next year.
