

**ROUND 2 INTERVIEW**  
**July 16, 2021**

**SEAMUS POWER (-11)**

---

**Q. Seamus, 4-under 68, nice round. If we can get some comments, please.**

**SEAMUS POWER:** Yeah, it was just nice and steady. Didn't quite get it going kind of the way I did yesterday, but all in all, very steady. A lot of chances, wasn't able to take as many, but overall, very pleased.

**Q. Compare the conditions today to what we had on day one.**

**SEAMUS POWER:** It's a little breezier right now because there's probably storms in the area, but overall it's still very soft and still warm and humid.

**Q. You're currently one back, that could change a lot over the afternoon, but what will your mindset be going into the weekend?**

**SEAMUS POWER:** Staying aggressive. What am I, 11 under? You're not winning anything at 11 under. I mean, you know you're going to have to go well up into the 20s. So I'll do a little bit of practice here and try to get the game sharp to go at some pins tomorrow.

**Q. Anything that's really been working up to this point, and what are you going to focus on to try to sharpen?**

**SEAMUS POWER:** It's all been pretty steady. Not quite my best in any aspect, but nothing's too far away. We'll see. Just try to sharpen up some shots here and go from there.

**Q. Five straight top-20s, I believe; just really solid play of late. Just talk a little bit about your confidence level right now.**

**SEAMUS POWER:** Yeah, confidence is high. Yeah, I've been playing some nice golf. I knew the game was in good shape and I had to wait for the summer to kind of get my opportunities, so it was a little frustrating earlier in the season, but it is what it is. That's what this category, that was always going to be the kind of status to play, so hopefully kind of keep it going here into the rest of the summer.
