

**SCOTT PIERCY (-**

---

**Q. Scott, bogey-free today. What did you like most about your round?**

**SCOTT PIERCY:** The way I managed the golf course today. I drove it in the rough a lot and when you drive it in the rough, you can't really hit it close to the pins. And I think the pins were a lot tougher today, too. The fact that I was able to go bogey-free and still shoot 4 under from the rough basically all day says I managed it well and I chipped and putted well.

**Q. What did you find last week at Barracuda that's sort of gotten you going here these last two weeks?**

**SCOTT PIERCY:** You know, it's been coming for a while, it just hasn't been put together. I'll putt really well one week and hit it bad. The week off before Barracuda I played a lot at home and kind of shot some low scores and kind of got into a rhythm, saw the ball go in the hole a lot. The game's been really close, so like it just came together last week and it's carrying over to this week.

**Q. And it's come at a pretty good time given where we're at in the standings. Just how encouraging is it for you that it's now shown up at this time?**

**SCOTT PIERCY:** Yeah, it's been a frustrating year all in all, you know. I usually don't have to worry about 125. The fact that it's showing up now, this is more me, you know what I'm saying? This is how I feel like I should play more often. Like I said, a weird year, year and a half. It's nice to see some good scores.
