

JUSTIN ROSE (-10)

Q. Justin, just some impressions on the round today?

JUSTIN ROSE: Yeah, I didn't play particularly well today, it was kind of like grinding it out more than anything. I had a nice run around the turn there to kind of get it going, but there are some tricky holes on the back nine, 11, a couple of kind of must-hit fairways, which I didn't do. And yeah, it was a mixture with the putter really. I holed some nice putts and I missed a lot of putts. I mean, yeah, so I'm going to head to the putting green now and roll a few and see if I can get that putter hot for tomorrow.

Q. Was it sort of a combination of both conditions and pin placements that made things a bit more difficult today?

JUSTIN ROSE: Yeah, I think. I mean, it was really hot. I found I struggled a little bit more on my focus today, it was hot out there. Obviously the last three holes you could really feel the storm coming in, it was quite windy, so it definitely changed things. It was pretty tough playing the last couple holes.

Pins were good as well. Pins have been good all week. The scoring's fantastic because this golf course, even though it's a short golf course, it's no pushover with the way the pins are and how severe some of the greens are. Yeah, if you play well, you can certainly shoot a score, but you can't just go out there and the course doesn't give it to you.

Q. As we sit right now, you're right on that 125 number. Just sort of your thoughts going into tomorrow and just what you need to do to get where you need to be?

JUSTIN ROSE: Yeah, I'd like to have been closer to the lead so I can go ahead and focus on winning the golf tournament, but that will still be a pretty good goal tomorrow. Go and try and shoot low and make something happen, kind of that takes care of the business either way, right?

Yeah, it's an awkward situation to be in tomorrow, but it's one that's going to be fun to go out there and try and practice all the good habits that you have to do when you win golf tournaments. No matter what the situation is, each shot is pressurized so you've got to go ahead and play well through that, so it's a good opportunity tomorrow to do that.
