**Q. Right side of the golf gods now?**

**WOODY AUSTIN:** I don't know if you say that when you drive it in the middle of fairways in divots and stuff like on 16 and a few things on the front. Like I said yesterday, I'm playing better. Front nine was a little skittish, not terrible. I just didn't hit it close to the hole like I did yesterday and got it in a couple tough spots. Like didn't hit a bad shot on the first hole, but that front bunker, it's just not an easy shot on 1 to make a birdie. And then three-putted 8 and kind of hit the worst -- first real bad shot on 9, just hit a terrible shot on 9, so you make the turn at even par.

But luckily for me, the guys that were going low were guys that were from behind and nobody was really kind of stretching out, so I was kind of hanging in there, and I made a good up-and-down on 10 and then the swing really geared in, I started hitting it close again. I hit it close the rest of the day except for 17.

**Q. How excited are you about tomorrow to get a chance to win again?**

**WOODY AUSTIN:** Well, sure. You know, it will be fun. I mean, that's all you ever ask for is a shot and I give myself a shot and I'll see how it goes.

**Q. Feel pretty confident?**

**WOODY AUSTIN:** Oh, I'm always confident. I think I can beat anybody on any given day, I've said that my entire career even though I'm a journeyman and not won, but I can beat anyone on any given day.

**Q. You've proven that over your career?**

**WOODY AUSTIN:** Sure, sure.
