

ROUND 1 INTERVIEW
September 17, 2021

K.J. CHOI (-7)

Q. Can you just start by talking us through your round and tell us what was going well for you today, K.J.?

K.J. CHOI: Yeah, today starting five, six holes slow difference in speed. I catch up to 7, 8, 9, it's more comfortable hitting putts. Then not a putt make 9, so 16, 17, 18, so eagle, birdie, birdie, so good finish. You know, it's very comfortable here, everybody is supporting Sanford and the tournament is going good and the golf course is beautiful, fantastic shape.

Q. Have you played at this golf course before this week?

K.J. CHOI: No, just Wednesday in the pro-am and then yesterday just looking around on the golf course. Very important this course iron shot and putting. Sometimes confusing in the greens and the slope, I don't understand something, but today's a very good in the putting.

Q. Do you feel like, K.J., this is one of your better rounds on Champions Tour so far?

K.J. CHOI: So far, so good. It's the best score several under par and the last four hole 4 under par, so very happy. Keep going, my game starting a little more better in the short game and the putting. The iron shot is more better than last year. So this year more (indiscernible) more better and the short game more improving.
