

**ROUND 2 INTERVIEW
NOVEMBER 5, 2021**

BILL HAAS (-9)

Q. Three-under 68 today to get to 9 under, you're in good position heading into the weekend. I don't know what the lead's going to be like at the end of the day, but just a few comments about your round and how you're feeling?

BILL HAAS: Yeah, feeling pretty good. The course demands accuracy off the tee and so far through two days I've been able to keep it in play, and when I didn't, I hit one in the hazard yesterday and I even saved par there. Just kind of gotten the best out of my rounds and happy to be playing well. It's been a while to give an interview after a round. Just happy to shoot some good scores, and it feels good out there, so hopefully I can do it two more days.

Q. Have you been working on anything specific that's kind of come around to what you're comfortable with?

BILL HAAS: I mean, I'm always working on something and I've been grinding for seems like three years now on trying to figure out what's going to be consistent and what's going to help me get over that hump. Right now I have a swing thought that seems to be working okay. And I want one to last for more than two days. I'd love for it to continue this way and hopefully have a nice few months instead of just two days.
