

SEAMUS POWER (-10)

Q. Seamus, a bogey-free round's good any day, but especially on one as windy as today. If we can get some comments on your 69?

SEAMUS POWER: Yeah, as you said, didn't make too many mistakes. Was able to make a couple little par saves when I needed to, but for the most part I was pretty much in control, hitting a lot of greens. It was a good day. It was tricky out there, those gusts were tough. You got one at the wrong time, it was kind of a tough break. Yeah, very happy it's ended, bogey-free as you said.

Q. You like gusty, though. You like tough conditions, don't you?

SEAMUS POWER: I've grown up playing, yeah, but it's a little different obviously like on the inland course, it's tricky. The breeze, you feel it's sometimes switching even though it's not. Just try to commit to targets as kind of best you can and kind of do your best.

Q. Thoughts going into the weekend? You're in good shape as you try to get win number two this calendar year.

SEAMUS POWER: Yeah, as I said, we're early in the wave, so we'll see what happens. Yeah, in good shape going into the weekend. Hopefully have two good rounds and see what happens.
