

JASON KOKRAK
KEVIN NA

(-21)

Q. Kevin, when's the last time you walked in a putt you didn't hit?

KEVIN NA: You know, I tend to do that sometimes when I'm having some fun with the boys at home. It wasn't a full walk-in, but I didn't even have my putter with me. I figured he was going to make it on 18.

Q. How did it go out there today?

KEVIN NA: We played great. We had a couple hiccups, but we played great.

JASON KOKRAK: Yeah, we played very nice. Got in some sticky situations, played it nicely. Bogeys on 10 and 11 unfortunate, but you're going to make mistakes in this format. We got out of that funk, hit some good shots and really finished nicely.

Q. Bogeys kind of fuel the fire down the stretch there the last seven holes?

JASON KOKRAK: Yeah, I looked at him on I think 12 green, I said we could have parred those last two holes, par this one, par the next one, been in the same position. I told him we're going to make some birdies coming in, let's just get after it and make a couple putts coming down the stretch.

Q. Mindset going into tomorrow would be?

JASON KOKRAK: Ride my horse to the finish. I told him over there I'll be there when he needs me, but he's playing really nicely, played great today, so I'm looking forward to the putting clinic he's going to put on tomorrow.

KEVIN NA: I hope that guy shows up. We're in good position. That's what we were trying to do today. Fell back a little bit, but the last seven holes we put ourselves to have a chance.

Q. Are you doing okay health wise?

KEVIN NA: I'm okay. I'm getting old, but I'm okay. This body's got a lot of miles on it.

Q. Is there a little rust?

KEVIN NA: I think the rust is gone. This is great. This week you can really work on things and get a feel for what the next -- which is Maui, right? It's coming up soon. It's a good

practice week, see where everything's at, where your body's at, so I love playing here.
