

ROUND 1 INTERVIEW
July 7, 2022

MICHAEL KIM (-7)

MICHAEL KIM: The entire day I hit it really great. I've been hitting it really good for the last couple months now and it's nice to see it all come together. I had a nice hole-out eagle on 10 and if I made some putts, it could have been much lower even.

Q. I was going to ask you about 10. Can you take me through that hole, just club and yard and that kind of stuff?

MICHAEL KIM: Yeah, hit driver right in the middle of the fairway. I had 126, which normally is a perfect gap wedge, but it's kind of up on a tier and felt like if I hit the full gap wedge it's going to spin off the green. Decided to go with a pitching wedge and I had to take about 20 yards off of it. As soon as I hit it, I knew it was going to be really good and seeing it go in was even better.
