

LEE HODGES (-12)

Q. Just get some comments on your round.

LEE HODGES: Yeah, played nice again today. Got off to another really nice start, which is cool, and just kind of had some nice up-and-downs. Didn't hit it as well as I did yesterday, but chipping and putting kind of saved me today, so it was nice.

Q. Besides chipping and putting, you've got to do something well. You must be making some putts.

LEE HODGES: Yeah, I made some really nice putts today. Hit my irons well. Didn't drive it as well as I have been driving it, had to hit some different shots I'll say that, some lowish ones, but for the most part hit it all right.

Q. Most of the guys high up on the leaderboard tend to be bombers, you're kind of the outlier. How are you doing it?

LEE HODGES: Hey, I bomb it. I'm just kidding. I'm just hitting it close, hitting really nice irons. I feel like irons are where I make up my ground for the guys that hit it so far, so just going to keep doing that.
