

PATRICK CANTLAY (-21)

Q. Patrick, went out in 31, overall with 66 today. If we can get some comments on your play.

PATRICK CANTLAY: Yeah, I thought I played great today. The golf course firmed up and played a little tougher than the previous three days, and I played really well, hit a lot of solid shots and actually hit a bunch of good putts and didn't have a ton go in after the first four, five holes.

Q. And just characterize the week for us. Tied for second right now, may drop one, I'm not sure, but just talk about the week as a whole.

PATRICK CANTLAY: Yeah, I played well all week, really solid and that's what I've got to keep doing, just keep knocking on the door. And got three big tournaments to close the season out.

Q. Talk a little bit about that. Currently projected fourth, I believe, so inching your way back up to the top, trying to win two in a row. If I can get some comments on the stretch coming up.

PATRICK CANTLAY: Yeah, like I said, I've been playing well all year, so I've just got to get hot with the putter and see if I can get up near contention the last three weeks and I should be in a good spot.

Q. Last, if you can just take us through the eagle there on 14?

PATRICK CANTLAY: Yeah, two really good shots and a simple five-footer up the hill for eagle.
