

TAYLOR PENDRITH (-21)

Q. Taylor, first of all, we'll get you to talk a little bit about today's round. Even par, I know not what you wanted. Just take us through the day, please.

TAYLOR PENDRITH: Yeah, it was tough, couldn't really get anything going and didn't get off to the best start like I did the last three days, but kind of hung in there. You know, middle of the round I hit some really nice iron shots and just couldn't get anything to fall. I left a lot of putts short and obviously those have no chance of going in. That was tough, just kind of lost my feel on the speed of my putts.

But all in all, obviously it's a good week. It's my best finish ever. It's fun to play in a final group. Tony played great, so hats off to him.

Q. And you move up to 62nd I believe in the FedExCup. If we can just get some comments on that and now as we progress toward the end of the season?

TAYLOR PENDRITH: Yeah, it's great for me, being out for 15 weeks and just kind of watching my number slide. The last three weeks I've played, I've been very solid. And yeah, there's a couple weeks left here for a late season push, so I'm looking forward to it. Obviously I'm playing well and I feel like I have a lot of confidence in my game still even after today's round, so I'm looking forward to the next few weeks.
