

**JOSEPH BRAMLETT**

---

**Q. Talk about your hole-in-one.**

**JOSEPH BRAMLETT:** Yeah, it was really exciting. We had 177 yards, I just hit like a little like one-to-one 8-iron and yeah, I hit it really well and you could see it flying, it looked really good. Yeah, it went the right distance, took a hop, a couple rolls, next thing you know the ball disappeared and that's when most of us blank out as golfers. Yeah, it was really exciting.

**Q. Did you know, I mean, did you know about the hole-in-one thing before?**

**JOSEPH BRAMLETT:** I did, yeah, I seen it for the last few years that I've been here, and I remember last year Chesson had a big round on Sunday and he had a hole-in-one and he went nuts as he always does. So yeah, it's been a really exciting gig for the last few years. Yeah, it was just a great bonus and a lot of fun.

**Q. How was your reaction? I haven't seen it. How was your reaction compared to Chesson's?**

**JOSEPH BRAMLETT:** Much more subdued, yeah.

**Q. You didn't do all that?**

**JOSEPH BRAMLETT:** No, I didn't do all that. I didn't get off to the best start today and I did not see it coming, but nonetheless, I hit a great shot and it ended up just how we wanted, so it was fun.

**Q. This is all great, but you just made a lot, four charities very happy and I know that's got to feel good.**

**JOSEPH BRAMLETT:** It feels incredible. You know, that's one of the beautiful things about playing out here is the impact you can have on local communities. To be in a position like I am to hit such a cool shot and have such like a wonderful reaction from it and the trickledown effect like it does just speaks to what Wyndham's doing with this tournament. For them to really step up and not only reward us when we do cool things, but to really reward the fans and people in the local community is beautiful. I'm humbled and just, I don't know, just it really hits me hard. It's a very, very special thing.

**Q. So where do you want to go with your million points?**

**JOSEPH BRAMLETT:** It's been a long season and right now I'm ready to go home. Yeah, once we reset, I don't know. To be honest, it's the last thing on my mind. I'm sure Wyndham has some very cool locations and some that I'll have to check out.
