

ROUND 2 INTERVIEW
August 12, 2022

EMILIANO GRILLO (-7)

Q. 67-66 start, how pleased are you to get off to a hot start?

EMILIANO GRILLO: You know, everything was working for 12 holes today and then it went downhill. I don't know what happened with my game after that, but 4 under par, I guess I did all the good work on the front and then I was able to just hang on on the back nine. No, everybody knows it's an important week, so we're there, only a few shots back from the current leader, so so far, so good.

Q. Runner-up in two of your last three starts, what do you credit to this end-of-season momentum?

EMILIANO GRILLO: Everything's there. Golf is funny, once you put everything together, you actually remember back how to play golf and everything flows from there. It's been great, it's been a great run. The idea is to keep going, not just to -- not just to stay there. And plenty more golf to play in the season. Like I say, these are the most important weeks. Hopefully, the best is yet to come.
