

**PRE-TOURNAMENT INTERVIEW**  
**November 2, 2022**

**SEBASTIÁN MUÑOZ**

---

**GREGORY VILLALOBOS:** We would like to welcome Sebastián Muñoz to the interview room here at the World Wide Technology Championship at Mayakoba. He's making his fourth start at this event.

So, first of all, we would love to have your thoughts on being back.

**SEBASTIÁN MUÑOZ:** It's great being back. This year I kind of made the commitment a little late. This was not on the schedule, but me and my wife decided, you know, why not start vacation maybe a little early this year, so we're here, fortunately with the umbrellas. It looks like it's going to get a lot better throughout the week, so yeah, cool.

**GREGORY VILLALOBOS:** You're coming off a great performance at the Presidents Cup, two wins, one tie in three matches. You have already played two events this season, so this is your third start of the year. We would like to have your thoughts on your game. How do you assess your game right now?

**SEBASTIÁN MUÑOZ:** Yeah, so after the Presidents Cup, you know, I played awesome, my mind was in a great spot and I think after that I was a little tired a little bit. So going over to Japan and then CJ, that was a physical toll as well. I mean, I didn't play my best over there.

Last week I took most of the week off just to try and be in the best shape I can be both physically and mentally. Just trying to play my best out here and see how good it goes.
