

DAVID LINGMERTH (-11)

Q. David, another nice round, 36 nice holes around Mayakoba and it all starts with keeping it in the short grass. You did a good job of that today.

DAVID LINGMERTH: Yeah, I did a pretty good job of that. I think I just tried to keep it simple out there. I think all facets of my game are feeling pretty good right now. There was a few misses out there that I would like to clean up for the weekend, but overall I'm feeling pretty good about things.

Q. And your scrambling and short game is on point, and how about that putt on 9, we thought you had it. Did you think you had it?

DAVID LINGMERTH: I missed that one a little low. A little disappointed, I thought I had a good read on it and would have liked to have seen it go in, but you can't ask for putts like that to go in every time. That's part of the process, just acceptance when things don't go your way. Overall, rolling it pretty good on the greens and yeah, looking forward to the weekend.

Q. So when you're happy, you're in a good place, you like the golf game, how do you spend some time around this resort? This is a lovely place. It's hard to call this work this week, I know it is. So what are we doing away from the golf course?

DAVID LINGMERTH: Well, luckily, this week my wife came in here Wednesday, so she kind of keeps me focusing on all the great things down here like let's go hang out at the pool, let's go to the beach, because usually if she wasn't here I'd probably be bad and just not do any of those things, just hang out at the room or something.

Yeah, it's fabulous down here, there's so many fun things to do and a beautiful area. So yeah, we're going to try to do some of those activities.
