

**GREYSON SIGG (-9)**

---

**Q. So that was a day.**

**GREYSON SIGG:** Yeah, so it was a day. I felt like a PGA TOUR golfer for I think, you know, maybe 14 holes and then the others I felt like about a five or six handicap. I played great, just had a tough time getting the ball in the fairway there on the back nine. But made a lot of good putts, game's feeling good.

**Q. How about where you're at mentally after a day like this? Are you just fried?**

**GREYSON SIGG:** Yeah, really kind of am. You've got to find the positives in making, I think, eight birdies and an eagle. So I'm going to go work on a few things now and try and get the driver straightened out.

**Q. Making eight birdies and an eagle as you head into the weekend, how do you feel with where you're at on the leaderboard?**

**GREYSON SIGG:** Yeah, I feel great. I haven't really looked at a leaderboard yet, but I know there are some guys going low. But I'm playing good, putting good, so obviously I can go make a run on the weekend, so we'll see what happens.
