

SEAMUS POWER (-18)

Q. Seamus, crazy weekend, yesterday fireworks all over the place, today I thought you hit quality golf shots, just couldn't get any putts to fall.

SEAMUS POWER: Yeah, it was weirdly the same. Yesterday I holed a few shots but couldn't get much going on the greens. My speed was just a fraction off. Like early in the week before the rain they were a little quicker and I couldn't just quite get adjusted just to that slightly slower speed. But it was good to hang in there. Hit a lot of good shots today, I was able to get a high finish out of it. Obviously just couldn't quite get it going today and put any pressure on Russell.

Q. Just some thoughts, for the first time in your career you're the leader in the FedExCup.

SEAMUS POWER: Oh, really?

Q. You leave Mexico. What's the rest of the schedule look like?

SEAMUS POWER: I'm not going to play Houston. I'm going to play the RSM in whatever it is, 10 days' time. Yeah, I'm going to have a week off, come back to Las Vegas tomorrow, get some rest and catch up on things and get ready for one more before the end of the season or the end of the year.
