

**CAMERON YOUNG ( -12)**

---

**Q. Cameron, how would you kind of assess the day?**

**CAMERON YOUNG:** I think I played much better today actually than I had the last few days. Yeah, I didn't make quite as many putts as yesterday, but I think overall I actually played the best probably today of any day.

**Q. Did you feel like -- I know you said you haven't driven the ball as well as you'd have liked. Did you feel like you drove the ball better today?**

**CAMERON YOUNG:** Much better today. I hit a couple I didn't like, but for the most part I had a lot more control over kind of just the shapes with the driver and I definitely hit more fairways today as well.

**Q. When you get to kind of sit back and reflect on 2022 as a year, what's going to be kind of the overall kind of theme of your reflection, what you're going to kind of look at as what was so great from the year?**

**CAMERON YOUNG:** I think the same thing was said, just the opportunities that I've given myself with my play the last year moving forward. They kind of kept -- I kept giving myself more and more opportunities for last year, but I think finishing up the season, making it to East Lake, all that, I set myself up going forward really nicely. But I feel like people have been asking me that question since like August, so I'm kind of moving forward at this point.

**Q. Last question from me, what's the biggest thing you've learned this year about yourself?**

**CAMERON YOUNG:** I don't know, I don't know. I think just golf-wise anyway, just that I can compete out here because you kind of never know until you do. I think a lot of us believe that we can, but that's different than having some proof. So I think just the more I'm out here, golf-wise, just the fact that I know I can compete and I have some evidence to back that up.

**Q. Are you willing to travel to play DP World Tour next year?**

**CAMERON YOUNG:** I probably won't play much on the DP World Tour next year, no. I'll play predominantly the PGA TOUR. We have to play 21 events, I think, or 20 events, something like that. I won't have time to play elsewhere.

**Q. Because there is alliance between DP World Tour and PGA TOUR, do you think we need to have more PGA TOUR players playing in Europe?**

**CAMERON YOUNG:** Honestly, I have no idea. I know that they have a strong relationship and that it's a nice opportunity to get to play some in Europe. But honestly, I don't know if we should have more guys playing or not.
