

## ROCKET MORTGAGE CLASSIC

### ROUND 1 QUICK QUOTE

June 29, 2023

### TAYLOR MOORE ( -8)

---

**Q. Great round to get things started today, 8-under bogey-free. Just your thoughts on a good start to the tournament?**

**TAYLOR MOORE:** Yes, I thought it was just that. I got off to a better start today and drove the ball pretty good on my front nine I thought. Got into a good rhythm, and obviously the putter got a little bit hot on the back nine, which was cool to see. Yeah, very pleased with the start.

**Q. Talk a little bit about course conditions. Obviously the weather is interesting with the smog in the air. What was it like for you out there and how did the course play?**

**TAYLOR MOORE:** Yeah, the weather's been interesting since I got here. We had a bunch of rain Sunday, Monday and then the smog rolled in. It's been interesting.

I will say the grounds crew here has done an unbelievable job with the weather and all the trees going down and everything. I wanted to say that to them. The golf course is in great shape considering what happened earlier this week. I think it's all good.

**Q. What's the mindset coming into a couple weeks like last week and this week where you know you've kind of got to come out firing from the start?**

**TAYLOR MOORE:** Yeah, definitely, and playing here last year knowing how many under par it takes to win. Had a good week here last year. With the current state of my game I've kind of been stuck in neutral, so this has been really good for me to see. I felt like I've been really, really close and obviously was just stoked to see some putts go in and post a good number.

**Q. Looking ahead to the weekend, really next three days, what's your approach? Are you changing anything? How are you taking the next 54 holes?**

**TAYLOR MOORE:** Yeah, yeah, we've just got a ton of golf to be played. I'm just going to get up in the morning, try to go execute as best I can and whatever happens, happens. Ton of golf to be played. Know it's going to take a low score over four days most likely out here and that's just how it's going to be this week.
