

## ROCKET MORTGAGE CLASSIC

ROUND 3 QUICK QUOTE  
July 1, 2023

LUCAS GLOVER ( -14)

---

**Q. Lucas, great round today on moving day. Can you talk a little bit about it and give us a quick recap, including your eagle on 14?**

**LUCAS GLOVER:** Yeah, of course. A little bit of a slow start, didn't hit a fairway until No. 4. Kind of searching a little bit swing-wise. Then turned the first fairway into a birdie on 4 and that kind of got it going. Then just started making a bunch of putts. Still didn't hit it great, but hit it good enough to have a bunch of 12-, 15-footers and made a bunch of those.

No. 14, the eagle. Yeah, decent drive, 5-wood kind of mid right side of the green, I don't know, 22, 23 feet and made that one. Maybe a little further, but made that one. Then good finish coming home 17, 18. Hit one up in the stands on 17, but got a good drop and made a couple nice putts coming in.

**Q. You had a good round one and two, but obviously a better round three. What did you see differently today?**

**LUCAS GLOVER:** I just made more of those 12-, 15-footers, a couple long ones. Thursday, Friday I missed a short putt each day; I didn't do that today, I was real solid on those. It was just one of those days where I had a bunch of good numbers out of the fairways and saw the line, started it online and made a bunch. Kind of channel that for tomorrow.

**Q. With the weather coming in, how are you going to prepare differently for tomorrow?**

**LUCAS GLOVER:** Just going to rest. I think we're going to have a long day tomorrow regardless. Get some rest and just chill out. Still going to be a pretty good ways back, these guys are going to shoot low still no matter what the weather does. A 64 any day I'll take, any course anywhere, so pretty happy.

**Q. You mentioned making a couple of those 12- to 15-footers saving pars. When the score's low at a tournament like this, are those almost just as big as making birdie?**

**LUCAS GLOVER:** Yeah, I might have misspoke. I only missed a couple greens so I didn't have any of those for par, but I was making those when I just hit an OK wedge or hit a nice 7-iron and then they were going in. To your point, yes, and days like today if it was for par, yes. You know, it was just one of those days, saw the line, started it online and they all went in.
