

ROUND 3 QUICK QUOTES
21 October 2023

CAM DAVIS

Q. Cam, just your assessment of the day? 1 under today.

CAM DAVIS: Not too bad. I actually played pretty well. I had some squirrelly tee shots on the back nine that kind of halted any momentum I felt I could make, but under par's still a decent score and I'm still within shouting distance. A very good round needed tomorrow, but yeah, could have been much worse today. I actually had a lot of opportunities that I didn't capitalize on. So if I make a few more putts tomorrow, should be good.

Q. Five shots back on this golf course, there's a low one out there, isn't it? You've seen a few low ones already, right?

CAM DAVIS: Well, if the weather stays like it was today, then yeah, definitely someone will be able to get hot. It's a matter of making the putts. Eric in my group today made most of his putts and turned in a very good score. So yeah, I'm going to need something like that.

Q. Do you feel like your game is firing on every front?

CAM DAVIS: For me, I feel like once I'm in the fairway, things have been going pretty well. Yeah, it's just off the tee was a little bit rough today, but if that's clean tomorrow, then hopefully it's just a matter of a few putts dropping rather than liping out.

Q. Presume it's the same game plan even though you're going to try to chase for the lead in the final round?

CAM DAVIS: No, we just take every shot for what it is out here. We try not to get too sucked into trying to be too aggressive or too conservative if things are going very well. Just figure out what we have in front of us and figure out what's the play now. Just keep it simple.
