

ROUND 4 QUICK QUOTES
22 October 2023

RYO HISATSUNE

Q. What does this finish mean to you?

RYO HISATSUNE: So last year I actually screwed up my last hole which kind of -- I didn't really have a good feeling about that, but because I've been able to play in this tournament for three years in a row and also the fact that I finished with a birdie, I think it will help me in the long run, so I'm really happy about that.

Q. No bogeys today, four birdies. What did you do well on the golf course?

RYO HISATSUNE: My shot was really good throughout the day and overall, which helped me make a lot of birdie opportunities and I took those well.

Q. After winning the French Open, I think you have a good chance of getting your PGA TOUR card for next season. Does this result here in a PGA TOUR event, a big tournament here, does it give you the confidence that you can compete against the best players on the PGA TOUR?

RYO HISATSUNE: As you said, yes. After my win and this good finish this week, I do have a lot more confidence. However, there are still a couple more events to go, so I'm just going to take those one event at a time.

Q. Are you going to play Mexico, because you get an exemption from top-10 here?

RYO HISATSUNE: I really want to go. However, with my schedule, things are looking pretty tight right now, so I'm going to take a little time to think about it before I decide.
