

**East Lake Cup Men – Stroke Play Singles**  
**October 30, 2023**

**COACH ANDREW DiBITETTO**  
**North Carolina**

---

**Q. So how do you feel that your team played today?**

**COACH ANDREW DiBITETTO:** I have no idea. The Fords played really well -- sorry -- both shot 3 under par. I think the other guys, for the most part they were pretty solid throughout the day. I know a couple guys didn't finish the way that they would have liked, but overall, a decent day for us.

**Q. What mindset do you hope that your players have for tomorrow?**

**COACH ANDREW DiBITETTO:** Really the focus right now is just getting food, getting rest, recovery. We'll wait until we see the hole location sheet and then basically just try to figure out how to play this golf course the best tomorrow.

**Q. And how do you think that you as a coach (indiscernible) your players playing here at the East Lake Cup?**

**COACH ANDREW DiBITETTO:** Oh, we're thrilled to be here. It's been an amazing experience and opportunity already. Extra special this week because we got obviously David and Maxwell coming back home. Literally from the moment we stepped foot on the property, it's been really, really cool. They had so many junior golfers running up to them, saying hello. So many people that are excited to see them. And our guys are excited to see them as well, so it's been great so far.

**Q. And is there anything else you'd like to say hopefully that your players are keeping with them in their mind tomorrow, in their heart and spirit and going onto the grass?**

**COACH ANDREW DiBITETTO:** No. I mean, our guys, it's a pretty veteran group, an experienced group, so they know what they need to do to be successful. Like I said, right now, go get some food, try to recharge the batteries a little bit, get some sleep. They'll be ready to go tomorrow and they'll have fun doing it.
