

**East Lake Cup Women – Stroke Play Singles**  
**October 30, 2023**

**CATHERINE PARK**  
**Southern California**

---

**Q. So I'm here with Catherine Park from USC. Catherine, first off, how did you feel about your round today?**

**CATHERINE PARK:** Felt pretty good. Just wanted to commit to my shots, especially my drives because the tee shots here are pretty tricky, and then getting the speed of the greens correct and getting to that feel.

**Q. And your thoughts on this golf course?**

**CATHERINE PARK:** Oh, I love it. It's so pretty. It's like set up so nicely and it fits my eyes, I just have to get used to it. But I love, like I love the trees because I love tall trees better than like the short ones, so yeah.

**Q. That's awesome. And playing at the East Lake Cup, just a very prestigious golf tournament, only the best four teams from last year, how does it feel to be playing in this tournament?**

**CATHERINE PARK:** Oh, it feels amazing. I'm so honored because I'm like I remember Coach telling me (indiscernible) Nationals is East Lake. I'm like, OK. So that was like all I was thinking about at Nationals, East Lake, East Lake, East Lake, So I'm happy I get to play it as a sophomore, too.

**Q. And now that it's finally here, because I'm sure you've been looking forward to it all fall semester --**

**CATHERINE PARK:** All season, all summer, I've been looking up to it, looking forward.

**Q. Has it lived up to the hype?**

**CATHERINE PARK:** Yes, everything like the support, the golf course, like the foundation, everything is wonderful
