

ROUND 2 INTERVIEW
August 26, 2023

DARREN CLARKE

Q. Just a few comments on what went well today.

DARREN CLARKE: Yeah, obviously played nicely. I think the grounds crew, first and foremost, done unbelievable to get us playing today with the amount of rain that they had. The course was very good considering everything that they had.

I think today I drove it well, I kept it in play, so gave myself lots of opportunities and putted decent. Didn't do anything overly special, just played nicely

Q. Talk about the wind on 17.

DARREN CLARKE: Yeah, so it's really swirling in there. It should be into off the left, and I hit what I thought was a perfect little shot and the ball moved right to left in the air. It's a great little hole because it's only an 8-iron, but it's just playing tricky because the wind is swirling in there. I believe tomorrow we're going to have lighter winds, so maybe hopefully it won't do that tomorrow.
