

MODIFIED ALTERNATE SHOT
December 7, 2023

BRETT QUIGLEY
TEAM USA

WORLD CHAMPIONS CUP

Q. I've got to tell you guys the biggest compliment I've gotten so far today is from Brett Quigley when he goes, man, it's been too long, I haven't had a laugh in a while.

BRETT QUIGLEY: That's the truth. I haven't had a belly laugh in a long time.

Q. I got the belly, but we haven't been together so I can't give you the laugh. First team event, tell me about how were the butterflies for you. This is the first time you've ever done anything like this.

BRETT QUIGLEY: Yeah, a little fitful sleep last night, but overall good. Being with David Toms, he's such a calming guy and you know he's going to play great. Just came close the last hole with that one just short. Thought it had a chance to go in, but just came a little short.

We played much better this afternoon. See how we get paired up tomorrow.

Q. Talk about the two different formats from this morning to this afternoon and how the mindset is different for you guys out on the course.

BRETT QUIGLEY: Yeah, I think we're a little, just a little not rusty, but this morning was a little tougher. This afternoon actually was better, David and I played great. Obviously he drives it very nicely, takes a little pressure off of me. You know, we played much better this afternoon. I love the alternate shot format, I think it helps us get (inaudible).

Q. What is your favorite part so far of this week?

BRETT QUIGLEY: The team bag, the team swag, just the whole thing, the whole atmosphere. Like you said, I've never experienced any of this before. Being with everybody, Captain Furyk, Strick, the whole team, awesome, absolutely incredible.

Q. One of those things where now you look at all those Presidents Cups and Ryder Cups and go, this is what I've been missing?

BRETT QUIGLEY: I should have practiced a little more.
