DAVID TOMS
TEAM USA

WORLD CHAMPIONS CUP

Q. Do you mind just kind of recapping the first nine holes for you and Brett?

DAVID TOMS: Yeah, we didn't make enough birdies. You know, the other team, other two teams had some of those. Colin played really well, I think he made four birdies that nine and Darren made an eagle, so that was tough in nine holes. We just need to figure out a way in this next format to get something going.

Q. Can you talk through No. 3? We came up and saw Brett had his socks off in the water.

DAVID TOMS: Oh, yeah, yeah. He hit a couple of drives that we thought were pretty good that ended up in the water. So the wind was a little bit different today, first day we had seen that wind direction. And the way they had the course set up, even on the next hole, the par 5, I thought he was -- I thought we were actually both perfect. I was close to the water, he was in the water. Yeah, just kind of still getting used to the golf course.
