BRETT QUIGLEY

WORLD CHAMPIONS CUP

Q. Right now Quigs is like, yes, what do you mean they're going to a leaderboard? I can't even see the leaderboard.

What was it like out there trying to check the leaderboard but then stay focused on what you were trying to do?

BRETT QUIGLEY: And especially the way that I started, I didn't start too well and Ernie played great and then Robert played great, too. Yeah, Ernie was playing so well, I knew I had to just try and keep making birdies to halve holes.

Honestly, I thought it was between Ernie and I putting on the last hole and Robert snuck one in. I said, what'd you do that for? Totally messed up my score.

It's a great, great format. You just never know where to look, you don't know who to guard. I was guarding the wrong guy a couple times, but it was a great afternoon and certainly I saw some great golf with Ernie and Robert.

Q. We kept saying late this afternoon, John Maginnes gets all credit for this, he said the European team, they were like the independent and they were just taking votes from the other two candidates out there.

What has this first experience in a team event been like for you?

BRETT QUIGLEY: Absolutely amazing. Intense. I'm still a little jumpy right now, my heart rate's still up right now. I knew I had to play two pretty good holes coming in and fortunately I did. It's a lot of pressure. You feel it for your teammates and just an amazing format. I'm so pleased that I'm lucky enough to be here.
