DAVID TOMS

WORLD CHAMPIONS CUP

Q. David Toms, I know that definitely isn't the way that you wanted to finish. You could tell when David came off, he was like grrrrr.

DAVID TOMS: Yeah.

Q. Just had a little bit of that, but you had two holes where you took two points. How important is that?

DAVID TOMS: Well, I just played solid. The golf course is going to play harder with the wind and everything and some tough pin placements as always. Played really solid. The last hole I knew K.J. was in there tight and I was trying not to let him get -- you know, I was trying to go right at it, see if I could make another birdie and paid the price. From 200 yards or 190 I should be in the middle of the green, I knew that. Just my instincts kind of took over and tried to get it close and wasn't able to get at least half a point there.

Q. It's funny what happens when you see another guy hit one in tight and then you've got to go after him where most of your instinct are like, listen, just stick to the plan, middle of the green, and then the competitor is like, nope, flying at this flag, can't let him have this.

DAVID TOMS: Well, you know what, you kind of get lost in it. You're thinking match play, a guy stuffs it in there, but you forget about the other guy. You really should just play the golf course the way you need to play it to score the best you can. It's fine. I mean, I just played really well for nine holes, I've got to go do it again this afternoon.

Q. And that's what I was going to ask you about, knowing that you've got a lot of time off because you're the anchor guy going in. What does that mean to you when the captain was like, hey, you're my guy, close this?

DAVID TOMS: Well, I think it's all about if we need you, I need you to be there. So that was -- you know, it said a lot to me that he felt like that was a good spot for me, so I just need to go out there and play well for the team.

Q. That's all you've got to do, man. Are you going to go to the range real quick at all or anything?

DAVID TOMS: I probably will. I'll do a little bit of all of it, try to go through my routine again.
