

ROCKET MORTGAGE CLASSIC

ROUND 3 QUOTES

June 29, 2024

RICKIE FOWLER. (-11)

Q. How does it feel to finish with four consecutive birdies?

RICKIE FOWLER: Definitely nice. I hit it well all day, just really didn't make anything. So to -- yeah, 4 to finish and there was one shortly before that, so five of the last six holes. Yeah, good finish that kind of made up for all the misses and what could have been. Yeah, happy with it. Looking forward to tomorrow and see if we can get some birdies go in a little bit earlier that we did today.

Q. (No microphone.)

RICKIE FOWLER: It was cool. I kind of picked up on it quickly once I saw a bunch of people in orange Puma hats, especially being early, there was quite a few people in orange hats. I didn't know about it or maybe I was told about it, I don't remember at all. But it was great. We've had a lot of support here over the years, especially last year and moving forward being the now defending champion.

Q. How impressive is the state of the youth movement out here? You look at that leaderboard and you've got amateurs competing every week it seems like. Seems like it's better than ever.

RICKIE FOWLER: Yeah, just kind of shows you the level of play. And the game keeps getting younger. I would say when I turned pro and my rookie year on Tour there wasn't as many young guys as there are now. I feel like guys are just getting better and better earlier and there's more of them that are capable and ready to play. Yeah, it's good to see and it's fun to see. I can say kids now, been out here for a while, so it's good to see kids come out and have success and have some fun with it.
