### COOPER DOSSEY (-9)

---

**Q. Cooper, 9-under 63 today, nice round. What was working well for you and how did the course play today with the conditions we had yesterday? Was it a little bit wet?**

**COOPER DOSSEY:** Yeah, I hit a lot of greens today. The two greens I missed I made bogeys, but I putted it great. I've dealt with some problems all year on the greens and I found a putter that works for me and I'm super comfortable out there now. It's a weight off my shoulders and my mind. So I was hooping a lot, so it was a good day. I had a couple loose tee shots, but other than that everything was right in front of me and I felt super in control.

**Q. What was the front nine like for you? A lot of birdies and bogeys, only one par. What was it like going out on the front there?**

**COOPER DOSSEY:** Yeah, I wouldn't say I was sticking it, I was giving myself good looks. To start off the day I made a bomb on 10, I made a 30-footer and got up and down on 11 for birdie, and then birdied the next two. Hit two terrible tee shots on 16, 17, and then birdied 18.

This course is pretty gettable, there's a lot of low scores out there, but I feel like I've been playing well all year and just haven't got a round like this to start a tournament and it's nice to have this in the first round versus the last round when you're just T-35.

**Q. You mentioned that, too, playing well probably the last month and a half or so. When you've made the cut you've performed really well. What do you think you attribute that to?**

**COOPER DOSSEY:** Just been playing good all year. Just because I missed cuts doesn't mean I'm not playing well. I missed a lot of cuts by one, I missed a lot of cuts by two. It's frustrating, but this game forces you to be patient, even though patience is really hard in golf. I'm doing good things and I'm hopeful that what I'm doing is going to keep paying off.

**Q. You mentioned the putter change. When did you kind of settle on this one?**

**COOPER DOSSEY:** Yeah, it wasn't an easy decision. I played Ping for a long time and I like the way that the Spider looked and just decided to try it last week. All those guys at Ping mean the world to me and I hate to have done that, but I had to do what's best for me. And the Spider's been great the last two weeks, so I'm going to keep rolling with it and hopefully we can keep it hot.

**Q. How do you think this course will kind of change? We got a lot of rain yesterday and it just looks like it might be a little bit clear the next couple days. Do you think it might firm up a little bit? What do you think it will be like going into tomorrow?**

**COOPER DOSSEY:** I honestly don't really know, I'm not good at projecting that stuff. I just try to come out here and do my thing. Hopefully I can keep hitting fairways like I did on the back nine really well and keep giving myself opportunities because I'm putting it great. But you have to be on the green to putt, so I'm trying to stay patient and not go at every pin.
