STEVEN ALKER (-7)

Q. OK, Steven, 7 under, currently leader in the clubhouse. How's it feel to get off to a great start?

STEVEN ALKER: Yeah, really nice, especially around Spy, it's probably the trickier of the two. Just made some nice putts early and then just kind of keeping the momentum going. Had a blast out there, I think that was the big thing. Just enjoyed myself, relaxed and made some putts and just had fun.

Q. How did your First Tee partner do?

STEVEN ALKER: She did very well. She chipped in when she needed to. I got it going, it was hard for her to kind of keep up with me, but no, she did great. She's swinging it good, we've just got to get her putting good and we'll be away.

Q. Searching for that second win this season, a lot of golf left, but anything in particular you've been working on in your game?

STEVEN ALKER: You know what, I went home after Sioux Falls. I went home for a day, I had a day and a half at home. I looked at some old video from 2022 and I just sat down and just looked at some stuff. Nothing I -- it was more about a tempo thing and just I kind of get into the groove with the tempo. That kind of helped, I think.

And then obviously I've been putting well, too. I like coming here because you're not going to make everything out here, it gets a little bumpy sometimes and you've just got to stay patient, but I putted great today. Watching some video from a couple years ago really helped.
