

ROUND 1 QUICK QUOTES
October 24, 2024

ERIC COLE (-6)

Q. How pleasing was that 64?

ERIC COLE: Yeah, very good, finished off with an eagle, made it even better. Yeah, for the most part it was solid. A couple loose shots here and there, but overall very good.

Q. Talk about the eagle on the last. What was the club for the second shot?

ERIC COLE: Sure. It was a 5-wood, I kind of had to cut it a little around the trees. I hit it a little high on the face so I thought it was going to be close to carrying the front of the green, so I was happy to see it land on the front, kind of release a little bit. Made like, I don't know, a 25- or 30-footer, so that was awesome.

Q. Joint second here last year, you must enjoy playing on this Narashino Golf course.

ERIC COLE: Yeah, I do. I like the course. I think you have to hit it relatively straight and you've got to be very precise with your irons and not really short side yourself. There's just something about the way it looks that I think I like.

Q. How huge was it to finish top 50 on the FedExCup?

ERIC COLE: Yeah, no, it's a huge difference with the Signature Events being inside the top 50 versus out. It's a huge benefit to having a good year. It came down to the wire for me, but I was very happy to get inside that top 50.
