

**ROUND 4 QUICK QUOTES**  
**October 27, 2024**

**MAX GREYSERMAN (-19)**

---

**Q. Great playing for a chance there. What were you seeing on 18?**

**MAX GREYSERMAN:** Eighteen for myself, I was out of position off the tee, laid up fine. Hit a poor wedge shot, but still had a look. Hit a good putt and it just needed another inch or two. I would have liked to have a better look for birdie on that hole especially.

You know, didn't quite execute down the stretch when I needed to. I mean, Nico stepped up there and he hit a great second shot. He earned it.

**Q. As a past Zurich partner, what was it like playing in the final group with him?**

**MAX GREYSERMAN:** It was fun. We've had a lot of good times together. If it wasn't me, he's probably next in line for who I'd root for, no offense to anyone else. Yeah, I'm happy for him, happy for Claudia. Yeah, pretty much.

**Q. If you would have said a year ago going into your rookie season that you would have three runner-ups, what would you have said to that?**

**MAX GREYSERMAN:** I probably would have taken it, but I also would have said how could I have three runner-ups at the same time. Yeah, I had opportunities every time. I stayed within myself today, did what I could. I just needed just a little bit more, hit it a little closer, just needed a little bit more. I didn't -- it wasn't like Wyndham where I gave it away, I felt good out there the whole time. I mean, super comfortable. It was like I was playing at home. All these people. But yeah, I'm happy with the way I handled it this time, for sure.

**Q. What's it like to be in contention? What have you learned about yourself?**

**MAX GREYSERMAN:** It's great. It's a lot more fun than just playing at home. It's like you get in contention and you play and practice at home and it's kind of boring, you lose interest. It's kind of fun being in contention. Just keep developing under pressure. Feel like there's a reason some of the top guys are so good. Obviously their skill level's very high, but they're able to put themselves in contention a lot so they just get comfortable in those moments. I think I might have finally gotten there. I just didn't quite get it done today, but happy with how I battled and how I fought with the game that I had.

**Q. It's been a great season. Are there any other starts that you plan or are you looking toward 2025?**

**MAX GREYSERMAN:** I was thinking about doing Cabo as well. I think the deadline is

probably next Friday. I'll take a look at that, Cabo. Other than that, no. Maybe Cabo probably, but that's it until Maui.
