

East Lake Cup Men – Stroke Play
October 28, 2024

ALBERT HANSSON
Georgia Tech

Q. So, yeah, obviously turned in a good round today, -3. How did you feel? How was your mentality today?

ALBERT HANSSON: I felt pretty good, yeah. I was kind of -- I've been struggling the last few months with some short game and putting, but I felt a little better coming into this week. I had a good feeling this morning.

Q. Talk here, kind of the home team, is there any comfort in that being so close to home, not having to travel?

ALBERT HANSSON: Yeah, for sure. 50-minute car ride from where we live usually and we always play this course, so it's good to be here.

Q. And this historic course obviously hosts a lot of great events. How's it like playing here? How's the course?

ALBERT HANSSON: Yeah, it's very cool. Just walking into the clubhouse and you see all those trophies and newspapers and all that stuff, and the course is incredible. It's fun to be here.

Q. And last thing, does anything change from you going from individual stroke play today to match team play tomorrow?

ALBERT HANSSON: Just try to keep it the same. Match play's more about beating your opponent than shooting a score.
