

East Lake Cup Women – Match Play
October 30, 2024

ZOE ANTOINETTE CAMPOS
UCLA

Q. I'm here with Zoe. Congrats on your round today.

ZOE ANTOINETTE CAMPOS: Thank you.

Q. How do you feel like you played?

ZOE ANTOINETTE CAMPOS: Pretty steady overall. I mean, coming from Florida, I was a little bit tired, but today kind of got my swing back together, so it was pretty good.

Q. What did you adjust between Monday and Tuesday and today that made you play better today?

ZOE ANTOINETTE CAMPOS: Well, the help of my coach, head coach, she helped me on the range this morning. Kind of just told me I need to keep my head still throughout my swing. I just focused on that all day and it really helped.

Q. What does playing in a tournament like this mean to the program, to you moving forward into the spring?

ZOE ANTOINETTE CAMPOS: Yeah, it means a lot. Having such high level teams out here and then also having it be televised is also great because I don't think we get enough, like, attention as golfers, it's definitely hard. But I think it's a great experience and a great way to get us out there, for sure.

Q. If you had one keyword of advice for someone who's coming to play East Lake for the first time, what would it be?

ZOE ANTOINETTE CAMPOS: Hit it in the fairway, that's for sure.
