**Q. Great round today. Can you just assess how you played and what went right for you today?**

**K.H. LEE:** Today my iron game's really well. I know this course is very hard to hit fairway and then on the green, but today I hit almost all fairway and on the green, so make more -- have for easier, so pretty good.

**Q. You're coming off a good week last week in Vegas. What did you take from last week into this week?**

**K.H. LEE:** I think last week pretty windier conditions. Then today also they said five mile or 10-mile, but over 10 miles, but last week experience for gust wind, so that have for today. Then my iron game is growing up, is getting better, so that help to play well, too.
