

ROUND 1 QUICK QUOTES
November 21, 2024

KELLY KRAFT (-5)

Q. Kelly, great round today. What were the keys for you?

KELLY KRAFT: Yeah, I hit a lot of greens, so that was good. Just kind of played my way around with the wind and rode some shots in there on the crosswinds. Just hit a lot of good like three-quarter shots, which is very helpful today.

Q. Did you feel like this was coming when you warmed up today or any time leading into this week?

KELLY KRAFT: I mean, we all knew it was coming since we got here, opposite wind and a lot more of it, but I just feel like every year we play here we have some sort of wind, so it's not the first time we played this course with a little wind.

Q. Knowing that you need a big week this week, how do you balance focusing on round to round with everything that may be at stake?

KELLY KRAFT: I mean, it's easy when it's blowing like this because there's really not much else you can think about other than the next one.

I don't know, I mean, I guess I'm just not going to think too much about it, that's about it.
