

ROUND 1 QUICK QUOTES
November 21, 2024

KEITH MITCHELL (-5)

Q. Keith, so nice start to the week here at the RSM Classic. How would you assess your day and what was clicking for you overall?

KEITH MITCHELL: A lot of ups and downs. Felt like I was putting unbelievable on the front and then played terrible on the back. Didn't hit it great on the front, hit it great on the back. So my game kind of flipped, which is golf really. Just nine holes of two completely different people.

Q. How would you assess or describe this week and what this week means to you and just how you feel about this week, kind of the last one of the season?

KEITH MITCHELL: It's fun to have a hometown tournament. All your friends and family are here, staying in your own bed. It's definitely a different experience than we're used to, but having it the last week of the year feels like just the cherry on top.

Q. At Aon Next 10 something that's on your mind?

KEITH MITCHELL: It's definitely on my mind throughout the fall season and it's something I want to play for. It's not necessarily the top of my mind while on the golf course trying to hit the best shots I can and on the last hole trying not to three-putt. It's something that really I love Pebble, I love Riv and I want to do my best to try to make it, so it's absolutely there.

Q. What's it been like having Brad on the bag?

KEITH MITCHELL: Yeah, Brad being on the bag is just a complete game changer for me. It's a good buddy of mine that we were actually roommates. He played professionally for 8 to 10 years playing the Korn Ferry Tour, was a great player out there. He knows me, he knows golf. He knows really kind of when to speak and not to speak because he's been on both sides of the bag and it's truly been a big bonus for me.
