

ROUND 2 QUICK QUOTES
November 22, 2024

LUDVIG ÅBERG (-5)

Q. Different day today than yesterday. What was different about today?

LUDVIG ÅBERG: Yeah, very different. It was a little bit easier today it felt like. But no, it was nice. I felt like even though yesterday the score wasn't very good, I still felt like there was some good things in there. So I kept holding onto that last night and this morning and came out today and played a lot better golf.

Q. What were your impressions of playing with Luke Clanton today?

LUDVIG ÅBERG: Yeah, great player. It seems like he's got all the tools. It seems like he's playing very smart golf. I don't see him making some mistakes that some other guys do. I see him as a mature golfer and I'm not surprised that he's playing this well.

Q. He mentioned that you guys were admiring each other's shots, he said he really loved the shot that you hit to set up your eagle, I think it was a high 7-iron, I believe?

LUDVIG ÅBERG: Um-hmm.

Q. And he said you actually liked a 9-iron that he kept really low in the wind. What was that like sort of having that back and forth with him?

LUDVIG ÅBERG: Yeah, absolutely, we both spent some time in Tallahassee when I lived there so I've seen him in the practice rounds. Haven't really played with him before so that was the first time, but obviously he's world No. 1 for a reason and you can definitely see he's got a lot of shots in the bag, a lot of different flights and different things in his toolbox that he can pull out when he wants to and I think that's very impressive.

Q. No pain at all in the knee?

LUDVIG ÅBERG: No, no, it's great. It's been feeling nice now for a couple weeks and really excited to be back playing.
