

ROUND 2 QUICK QUOTES
December 6, 2024

TOM KIM (-5)

Q. Tom, 65, 7 under, nice to follow a 74 with that. What was the difference today?

TOM KIM: Just a few things that kind of went my way today. Not gonna lie, nothing too different. Like that's just I think golf. Like the big part was just adjusting to the grass. I don't think I adjusted really well yesterday, so we kind of paid attention after the round, tried to see some numbers. We really paid attention, kind of paid off today, my numbers were so much better. Still got some work to do with it. I had a few mistakes with not really seeing the spin and just trusting it. Obviously I think it's going to be a windy weekend, so just again I think the numbers, making sure really good with my numbers is going to be a big key.

Q. What's special about No. 14 to you that sets up nicely for you?

TOM KIM: Yeah, distance control has been really good with the driver so far for two days. It's a really tough hole. As short as it is, it's a really tough hole and I've been really fortunate to hit both greens and hopefully the next two days as windy as it is, hopefully we can repeat it.
