

**PRE-TOURNAMENT PRESS CONFERENCE**  
**February 4, 2025**

**PADRAIG HARRINGTON**

---

**Q. What's it like coming back to a place -- I know it's been a few years, but that you won at?**

**PADRAIG HARRINGTON:** Yeah, has been a few years, 2007. Yeah, you remember some of the holes and some of the shots you hit during the winning tournament. Obviously they've redone the greens here since then, so it a bit more work. Normally you go back to a golf course you've won on, you kind of saunter around in practice in somewhat joy. Should always enjoy it, but here there's obviously some difficult greens.

I don't know if I can cover all the options this week so just try and hit a few -- kind of ask yourself what shots you're going to be asked to hit. Looks like a few deep bunkers around the greens, a few pitch and runs like that, up-slopes. So you mightn't play them on every hole, but if you get used to them on one hole, you'll be able to manage all 18.

So that's the kind of way, can't cover everything. You have to try not panic and cover everything. You've got to assume that you'll be all right on the day.

**Q. They give you a pretty neat trophy at this place, don't they?**

**PADRAIG HARRINGTON:** Yeah, it's probably -- yeah, I have a few nice trophies so I can't say it's the nicest trophy I have, but it's certainly one of the most unique. One that people tend to want to look at and pick up. Yeah, it takes pride in any trophy cabinet, for sure. It's spectacular. Whatever about being unique, it is spectacular.

**Q. This is your third week in a row. Why did you add this in?**

**PADRAIG HARRINGTON:** Yeah, it's actually my fourth. I played three on the regular tour. We were -- we weren't meant to play it and my caddie, Ronan, suggested it. He said, look, you've won on this golf course, you're going to go home, you're going to think about going back to the States, all the way over and back. He said, why don't you play Morocco on the way home, add it in. Once he said it, it made a lot of sense. Hopefully on Saturday night it will be the right decision.
