

ROUND 3 QUICK QUOTES
March 8, 2025

JOSEPH BRAMLETT (-17)

Q. All right, through 54 holes, obviously today 8 under, great round. Can you kind of take us through what was working for you today?

JOSEPH BRAMLETT: Yeah, tee to green I played really well. Yesterday I struggled a bit with my ball-striking and I got in a really nice rhythm on the range today. Yeah, I hit some really, really good shots. My chipping and putting was really strong of late. Yeah, I honestly did everything really nicely today.

Q. Two clean scorecards, bogey free, second round and today, only one in the first round. Is the approach to this course kind of avoid mistakes or is it more of you have to attack and get birdies?

JOSEPH BRAMLETT: Yeah, you definitely have to try to get birdies, especially the first two days. Then I found myself I think six off the lead starting the day, so regardless of the wind or not I needed to go shoot low today. Thankfully I did. And the wind picked up a little bit and that really paid off. But yeah, my short game's just really been coming through for me. I've gotten up and down a lot, which has kept the bogeys off the card for the most part.

Q. Saw a lot of low scores in the first two rounds and today's a little bit of higher scores. What have you seen on the course as far as differences last two days and today?

JOSEPH BRAMLETT: First two days there just wasn't very much wind and we had ball in hand, so you're playing off perfect lies all day with very little wind. And these guys are really good at golf so those low scores are going to happen.

Today we played the ball down and the wind was up so had to make some good decisions and hit some good shots, so it was just a little tougher all around.

Q. Fifth time playing in this tournament, I think one top-10 back in 2020. What's your comfort level with this course? Do you think it kind of fits your style of play?

JOSEPH BRAMLETT: Yeah, I love it here in Puerto Rico. I don't know exactly what it is about the golf course, but my first college win was at the Wyndham right up the road here in Puerto Rico. I've just always had really good vibes so I love coming here.

Q. You mentioned earlier fiancée on site, got to be pretty nice to be able to leave the course to actually enjoy it and have someone here, right?

JOSEPH BRAMLETT: Oh, absolutely, absolutely. I mean, she's been my rock, she's been by my side through plenty of the bad days and nice to have her here for some of the good ones as well.
