

ROUND 4 QUICK QUOTES
March 30, 2025

SAMI VALIMAKI (-17)

Q. Sami, what went so well for you today in that 8 under par round?

SAMI VALIMAKI: Good start. I mean, of course a lot of good golf shots and just gave a lot of chances, made a couple nice putts in the start so I feel like that's kind of started the round going.

Q. When you get off to such a hot start, how do you feel like you keep it kind of going? Do you feel like you build on momentum when you get off to hot starts like that?

SAMI VALIMAKI: Yeah, I feel like I played even better than the score was. I feel like I had more chances all the way coming in but I didn't make any putts in the middle of the round.

Q. How important was this finish for you just kind of as we set up the possibility of getting into like the next Signature Event?

SAMI VALIMAKI: Yeah, of course we try to play as good as we can and I feel like I've been kind of playing this good, but just kind of things haven't maybe been going my way, so it's always nice to see when it's turning.

Q. The way you were playing this week, did you feel like you just ran out of holes?

SAMI VALIMAKI: Sorry?

Q. The way you were playing, do you feel like you just ran out of holes? If you had played four, five, six more holes, you would a gotten atop the leaderboard the way you were playing?

SAMI VALIMAKI: Yeah, I feel like I had a lot of good chances all the way in, but I mean probably, but looks like the boys are still making birdies behind it, so maybe I was too far back.

Q. Each round you got better and better, which is saying quite a bit because your third round was pretty good and you even did better today. Just talk about how well you played for the whole week.

SAMI VALIMAKI: Yeah, I mean, it was a disappointing start teeing off in -- we couldn't see in the first few holes, and then playing in the rain 13 holes. So I played solid golf to finish level par, so I was quite a long way back. Then just climbing from there it has been good but

looks like it was a little bit too much (indiscernible).

Q. Does this course suits your game? You played well, but you also like the course or a combination of both?

SAMI VALIMAKI: Yeah, I feel like off the tee it opens up a little bit so it's a little bit easier to hit the fairways, and then I was just really on point with my approach game so I think that's why.

Q. Yeah. Seemed like when you played today -- did you play kind of loose, kind of play aggressive?

SAMI VALIMAKI: I would say I tried to be aggressive where I need to be, and a couple times when you need to take the gas off I was still hitting good shots in my kind of targets but I feel like I was really on points with that.
