

ROUND 3 QUICK QUOTES

June 21, 2025

FREDDIE JACOBSON (-6)

Q. All right, Freddie, 6 under total. Today you had two early birdies and then added another one on 16. Tell us about your round.

FREDDIE JACOBSON: Yeah, we tried to just hit as many greens as possible. I realized the first day I hit five greens around here and scrambled like crazy to stay kind of around par the first day. Yesterday I was good, hit 14 greens, and today we got 16. So lot more comfortable golf the last couple of days.

You know, that's kind of what we were trying to do, get as many chances as possible. I wish I would have dropped a couple more, but I felt good about my game today.

Q. Freddie, how has the course changed over the last three days?

FREDDIE JACOBSON: You know, it's running a little bit in the fairways now so you can get it out there a little further. Actually played -- conditions have been really, really good, so I thought it was -- it wasn't like we had to search for dry spots or anything, it was pretty decent. Didn't pick up that much mud even though it rained like crazy there for a while. It's been holding up really well.

Q. What do you have to do tomorrow to win?

FREDDIE JACOBSON: You know what, I'm just trying to -- you know, didn't really accomplish it today, but I'm just trying to give the putts a little bit of a good go. I came up with a short -- couple short today again. Just want to run them well.

You know, to win tournaments you've got to give as many putts as you can a good chance. You look at Miguel, how freely he rolls the ball. Obviously he's won a few times this year. Been playing with him several times this year, you can see when you have that confidence of making the ones coming back if you don't roll it in. You know, that's kind of the feel you want to have.

But it's quite slopey out there, a little down grain, you get a little cautious on some of them. That's kind of what I want to do, give myself a lot of chances and try to roll them freely.

Q. Freddie, overall either going into the week or going into the rounds, was there a positive swing thought or something positive you had that kind of freed you up a little bit?

FREDDIE JACOBSON: Yeah, just tried to stay a little more centered in the swing after the

first day. I had to kind of work on something, not moving off the ball too much, stay there and kind of let the club go a little bit.

A little bit like the putting, tried to just swing it freely and stay centered and put some speed in the club. That's what I've been working on. Just stayed loose, and body feels good so been able to go after it pretty good this week.
