

ROUND 3 QUICK QUOTES
July 13, 2025

BOO WEEKLEY (-13)

Q. Just talk about what you take away from this week. Career best finish on PGA TOUR Champions and got back in the mix, how did that feel?

BOO WEEKLEY: It felt good to be back in the mix. It's a matter of time for all of us out here, you know? I've been having some back problems and it kind of started showing there on the back nine and I just got a little tired, my back did. So I'm hoping that I can go home this coming week and go get a shot where I need it and maybe to fix me back up again for six, seven months.

Q. Any key holes today that were a little bit of a turning point for you?

BOO WEEKLEY: No, not really. I just didn't drive the ball as well as I have been. It shows when you ain't getting it in there where you can get it, actually hit it where you want to hit it, it's kind of hard to score.

Q. Yeah, and then you come to a small town like this, a small town guy like yourself, Endicott's showed out all week, what's it like playing in front of these crowds, a town of 13,000?

BOO WEEKLEY: It's fun. Like I said, it's probably the biggest crowd I've been, which I ain't been in the last group in a while neither, though. It's fun to be able to see everybody out here and supporting us and supporting the tournament. To me, that's the big thing is you get a fan base not just for the players but for the tournament, you can keep building and it's just going to do nothing but make it better for us.
