

PRICE CUTTER CHARITY CHAMPIONSHIP
presented by Hiland Dairy Foods

ROUND 1 QUICK QUOTES
July 17, 2025

CHANDLER BLANCHET (-10)

Q. Chandler, 10 under today, just what was working well out there?

CHANDLER BLANCHET: Yeah, everything. Kept it really simple today. Hit the driver well, kept it in the fairway. Some pretty good rough out here so with lift, clean and place, it was essential to be in the fairway. And greens are soft from all this rain we've been getting, but for the most part I hit some pretty close ones and made some good putts.

Q. Do you want to walk me through those last two holes?

CHANDLER BLANCHET: Yeah. I hit a really, really good drive on 8, it went way down there. I think I only had 153 yards in, so easy little 9-iron, make sure it got over the water and hit it to three feet, so that was sweet, a tap-in eagle.

And then 18, started to get pretty dark, hit a good drive just in the first cut of the rough and hit it up there to 30 feet or so, just a good roll. I couldn't really see much, but glad it went in.

Q. Is there anything when it gets dark you kind of pick up the pace or are you still in your own --

CHANDLER BLANCHET: Yeah, kind of still same thing, I could see a little bit better but that's about it.

Q. And then the season, it's been quite good for you so far. Just what are you hunting down this week as the season comes to a close?

CHANDLER BLANCHET: Yeah, I've been playing well all year, been hitting it well, been short gaming it well, just kind of plugging along. I feel like I've had a very consistent year. Been learning more about my game each week, been in some good positions, kind of in contention, near the top and just kind of using that each week to hopefully get a little bit better.

Q. What have you learned specifically this season?

CHANDLER BLANCHET: I mean, I do feel like I have what it takes. I feel like you don't have to do anything crazy. I feel like it's just kind of simple golf, like trust your numbers and work on maybe the right things that kind of translate onto the golf course. Yeah, got to keep

your pedal down out here. See scores today, see scores every week almost, got to go low, but it's been great.
